

To all customers of WETROPA  
Packaging GmbH & Co. KG

## REACH-Regulation

Dear business partners,

On January 21, 2025, the European Chemicals Agency published an updated SVHC candidate list of substances of very high concern.

At the present time, we have no knowledge from our suppliers that a substance on the current SVHC candidate list in accordance with the REACH Regulation is contained in our products in a concentration of more than 0.1% by mass.

We will inform you immediately should there be any further new developments that have any influence whatsoever on the products we supply and thus meet our obligation to pass on information along the supply chain in accordance with Article 33 of the REACH Regulation.

We hope that we have provided you with all the necessary information. I am at your disposal as your REACH contact person in our company.

Kind regards,

Sandra Lehr  
Head of Purchasing & Quality Management

Wetropa Packaging GmbH & Co. KG
